PRESIDENT'S MESSAGE

Whoever thought that we would be experiencing a pandemic? Since, everyone has been highly affected, when can we truly feel safe again? Numbers are rising. So, the answer remains to be seen.

Each person decides what is best for oneself.

In truth, we are getting very mixed messages and it will be difficult to know when to emerge into the open air again.

Based upon FIU's directives, the board will have to consider a multitude of variables, if or when we return to our meeting schedule. Of course, the board's priority is everyone's safety.

Your President,
Chris
